RE: **Raw Materials from “ Conflict Minerals “**

Dear Valued Customer,

In order to comply with our responsibilities, we have contacted all of our approved vendors of wire and strip products who have confirmed that the material supplied to us do not originate from any areas where Section 1502 of the SEC reporting requirements known as “ Conflict Minerals” apply.

Individual vendor documentation received is being kept on file should further verification be necessary.

Sincerely,

A handwritten signature in black ink that reads 'Brian Furlong'. The signature is written in a cursive style with a long, sweeping underline.
